**Bio:**  
Lori A. Brown, MD, is a board-certified internal medicine doctor. She provides primary care for adults, including preventive care and diagnosis and treatment of acute and chronic diseases. Her clinical expertise includes diabetes, gastrointestinal and cardiac disease, medical education, musculoskeletal disease, wellness and disease prevention and women’s health.
Obstetrics & Gynecology - General Gynecology

Elise S. Brown, MD, FACOG
Obstetrician/Gynecologist

**Specialty:**
Obstetrics & Gynecology  
**Subspecialty:**
General Gynecology

**College Area - 6719 Alvarado Rd**

**Contact:**
New Patient Registration: (800) 926-8273  
Direct Clinic Line: (619) 229-6585

**Bio:**
Elise Star Brown, MD, FACOG, is a board-certified obstetrician/gynecologist who provides expert prenatal, labor and delivery, and postpartum care, as well as comprehensive gynecological care, including well-woman visits, family planning (contraception counseling and all types of long-term reversible contraception), and treatment for issues such as abnormal bleeding, gynecological infections or sexually transmitted diseases. In addition, she also provides bio-identical hormone treatment for menopausal symptoms.
Ophthalmology - Cornea

Stuart Brown, MD
Professor of Ophthalmology

Specialty:
Ophthalmology

Subspecialty:
Cornea

Shiley Eye Institute

Contact:
New Patient Registration: (800) 926-8273
Direct Clinic Line: (858) 534-6290

Bio:
Dr. Brown is world renowned for his contributions to basic and clinical research of the cornea, and has many "firsts." He was the first to initiate studies into the surface characteristics of the component of the pre-corneal tear film, was the first to implicate that collagenase was responsible for corneal ulcers after alkali burn, and was the first to develop a collagen research laboratory for the eye and to initiate biochemical and cell biological studies on the structural macromolecules of the cornea. Dr. Brown was also the first to show that severely alkali-burned cornea can be successfully transplanted, resulting in many patients across the world to see whereas this was once considered a hopeless condition. Over thirty years ago, he developed corneal transplantation in babies born blind from corneal opacities. Since few surgeons in the world feel comfortable with this complicated procedure, infants and children from all over the world come to Shiley Eye Institute for their care.
Primary Care

Primary care is the basic level of medical care at which a patient is evaluated and treated by a nurse or physician, and if necessary, is then referred to a medical specialist. Learn more about primary care at UC San Diego Health System.
